Go to **Playlist** and find “**Bible Rider Romans**”

For 1st and 2nd graders, considering the difficulty of reading Romans for younger students, we have come up with the alternatives. If they have a difficult time reading Romans, it can be replaced by **watching & listening to the video** on YouTube.

- 1st Graders: If you read/watch **2 chapters** per week, you can get **5 points!**
- 2nd Graders: If you read/watch **3 chapters** per week, you can get **5 points!**

For extra points!

- Q & A Time: Your response to the question can be hand-written or with words (video-recording)
- Record yourself: If you cannot read the whole chapter, you can send the video of you reading the chapter or you reading a few verses from the chapter.

The purpose of the Bible Rider is to build and to practice our habit of reading the Bible. So, please don't feel bad if you are a little slow at reading Romans! Please encourage our children to participate and join the journey together.
